

CURRICULUM VITAE OF AGOSTINO DOVIER

University of Udine, 33100 Udine, Italy
Dept of Mathematics, Computer Science, and Physics
Constraint and Logic Programming LAB (Head)
agostino.dovier@uniud.it
<http://users.dimi.uniud.it/~agostino.dovier/>

Education

- Master degree in 'Scienze dell'Informazione' (*Computer Science*), University of Udine (1991)
- PhD degree in 'Informatica' (*Computer Science*), University of Pisa (1996).

Work Experience

- Assistant Professor (ricercatore) at the University of Verona (1997—2001)
- Associate professor at the University of Udine (2001—2016)
- Professor of Automated Reasoning at the University of Udine, since 2016

Main positions

- Head (two terms) of the computer science curricula (two bachelor and two master programs) of the University of Udine (2016—2022)
- Member of the national (Italian) computer science habilitation committee (2018—2021)
- President (two terms) of the national (Italian) Association for Logic Programming (2012—2018)
- Member of the EC of the national (Italian) association of Professors of Computer Science (GRIN 2020--)

Research

- Main research topics: Artificial Intelligence, with particular focus on automated reasoning, Logic Programming, and Constraint Programming Languages design, parallel implementation, and applications, including Computational Biology applications.
- Associate editor of *Algorithms for Molecular Biology* (AMB/BioMed Central) (series on constraints and bioinformatics), since 2012
- Area editor (constraints) of *Theory and Practice of Logic Programming* (TPLP/Cambridge University Press), since 2016
- Co-editor of the ALP (Association for Logic Programming) newsletter, since 2010.
- Author or coauthor of more than 50 international *journal* publications and of one book, co-editor of two research books, and globally of more than 200 publications (4370 GS citations and h-index 34: <https://scholar.google.com/citations?user=fiYbAFcAAAAJ>)
- Member of program committees of more than 150 international conferences on Artificial Intelligence and Declarative programming
- General chair of ICLP (International Conference on Logic Programming) 2008 (Udine)
- Program chair of ICLP 2012 (Budapest)
- Program chair of AIxIA 2022 (Udine), Italian conference on Artificial Intelligence

- Workshop chair of ICLP2007 (Porto)
- Tutorial chair of ECAI 2014 (Prague) European Conference on Artificial Intelligence
- Co-chair of several international meetings on constraints and Bioinformatics (WCB05-Sitges, WCB06-Nantes, WCB08-Parigi, WCB10-Edinburgh, WCB11-Perugia, WCB13-Uppsala, WCB15-Cork)
- Member of the EC (2000—2012, 2018--) of the Italian association for logic programming
- Member of the EC of the international association for logic programming ALP (2008—2012)
- Keynote plenary speakers of the joint conference CP/ICLP/SAT in Melbourne 2017.
- Invited tutorialist and speaker in several PhD schools, workshop, and conferences.
- Coordination of two national (Italian) projects and of several industrial projects, unit coordinator (for the University of Udine) of three national projects, external research member for NMSU projects

Students

- I have been supervisor of more than 150 Bachelor and Master's students
- I have been supervisor or co-supervisor of the following PhD students
 1. Elisa Quintarelli (2002) Professor in University of Verona (Italy)
 2. Alessandro Dal Palù (2006) Professor in University of Parma (Italy)
 3. Luca Bortolussi (2007) Professor in University of Verona (Italy)
 4. Raffaele Cipriano (2011) Orchestra Director in Kansas
 5. Federico Campeotto (2015) Industrial Researcher (Boston area)
 6. Ferdinando Fioretto (2016) Assistant Professor in Syracuse University
 7. Francesco Fabiano (2022) Post Doc in Parma (Italy)
