HR EXCELLENCE IN RESEARCH
CARTA EUROPEA DEI RICERCATORI

IN QUESTO NUMERO:

- *AFM-TELETHON - Scientific call and medical research call*
- *HORIZON EUROPE - Mission restore our ocean and waters*
- *INTERREGIONAL INNOVATION INVESTMENTS - I3*
- *TURNITIN - Seminario sull'utilizzo del software antiplagio*

BANDI E OPPORTUNITA'

AFM-Téléthon – Scientific Call and Medical Research Call

The Scientific Call focuses on 2 themes:

1. Fundamental research and physiopathology of diseases of the neuromuscular system

[Subscribe](#)[Past Issues](#)[Translate ▼](#)

- Trampoline grant: intended to support young teams or investigators early in their professional career (less than 10 years after thesis, either permanent or non-permanent position), and/or early stage innovative and high risk projects. This grant is awarded for a maximum of 50,000 euros for one year;
- Research project for one year, renewable for a second year, and exceptionally for a third year;
- Post-doctoral fellowship for one year, renewable for a second year;
- PhD fellowship (open to students enrolled in a French university doctoral degree program) for a maximum of three years

The Medical Research Call supports projects whose aim is to improve the care and management of patients, the knowledge of neuromuscular disorders and their progression, as well as the quality of life of patients affected by neuromuscular disorders. It focuses on:

1. Patient's management/paramedical care
2. E-health and information technologies
3. Neonatal screening projects
4. Assessment of new evaluation criteria
5. Natural history of disease and/or epidemiological studies

Type of financing:

- Research project for one year, renewable for a second year, and exceptionally for a third year;
- Post-doctoral fellowship for one year, renewable for a second year;
- PhD fellowship (open to students enrolled in a French university doctoral degree program) for a maximum of three years.

Deadline: **18/01/2022**

HORIZON EUROPE - Mission Restore our Ocean and Waters

The mission includes 5 topics:

- HORIZON-MISS-2021-OCEAN-02-01 European Blue Parks
- HORIZON-MISS-2021-OCEAN-02-03 Atlantic and Arctic basin lighthouse - restoration of marine and coastal ecosystems and increased climate resilience
- HORIZON-MISS-2021-OCEAN-02-05 Atlantic and Arctic basins lighthouse – coordination activities
- HORIZON-MISS-2021-OCEAN-02-02 Danube river basin lighthouse – restoration of fresh and transitional water ecosystems

Deadline: **12/04/2022**, h 17:00 (CET time)

INTERREGIONAL INNOVATION INVESTMENTS - I3

The I3 is a EU funding instrument under the ERDF regulation aimed to provide advisory and financial support to mature joint innovation projects in joint S3 areas organised in value-chain investment portfolios. The instrument supports activities on the road towards commercialisation and scale-up phases and to bring the projects to investment level (from TRL 6 to TRL 9).

The I3 is articulated in 2 strands:

Strand 1: it targets well-developed ecosystems and focuses on broad EU priority areas where the interregional approach can contribute to developing European value chains;

Strand 2: it focuses on increasing the capacity of regional innovation ecosystems in less developed regions to participate in global value chains, as well as the capacity to participate in partnerships with other regions.

For each strand, the list of topics of I3 includes:

1. digital transition,
2. green and climate transition including carbon neutrality, environmental sustainability and circular economy
3. smart manufacturing.

Deadline: **1st cut-off 01/02/2022; 2nd cut-off 18/10/2022**
